ESCAPE FITNESS EST. 1998.

TWO PASSIONS. ONE ETHOS.

With over 20 years' experience in the fitness industry, Escape Fitness has been at the forefront of functional fitness innovation, product design and rethinking modernized gym layouts to boost engagement and enhance the member experience.

The Escape story began with Richard Januszek, born in the UK just after World War II to Polish parents. An engineer by trade, Richard had a passion for designing products with a simple goal; to make things better.

At 15, Richard's eldest son Matthew, who was inspired by Arnold Schwarzenegger, started to lift weights. To encourage this interest, for Christmas in 1986, Richard converted part of the family garage into a gym.

Ever the innovator, Richard returned from work with a set of shiny stainless-steel bars featuring rotating handles to form what was probably the first dumbbell design to incorporate rotation handles. Following in his father's footsteps, Matthew recycled some old school desks to create a squat stand and bench for the garage gym.

These early ideas and innovations were just the start of what grew to become a hugely successful family business.

Escape Fitness is about partnerships, not meaningless business transactions. It's about building rapport with customers so they become a part of the family, helping shape ideas into a reality through experience, knowledge, innovative equipment, leading programming and expert training.

Two passionate people, one ethos – Escape Fitness - taking the ordinary, and making it extraordinary.

DELIVERING AN OUTSTANDING TRAINING SPACE.

Escape Fitness is a global leader in functional fitness. Through the design of performance-driven training environments, development of innovative equipment, engaging programming and trainer education, Escape pushes the boundaries of what is possible and strives to make the ordinary, extraordinary.

CONCEPT TO COMPLETION.

Not all functional training spaces are created equal. To future-proof a functional environment requires expertise, knowledge and meticulous execution. Over the years, we have identified 7 key steps to success. These are outlined at the side of this page.

OUTSTANDING TRAINING SPACES.

Every Escape solution is custom-designed to optimise its space and provide an inspirational experience for both trainers and members. Our team creates functional playgrounds, indoors and outdoors, in dedicated spaces or as an integration into existing facilities.

DRIVING COMMUNITY.

Functional training can bring people together, and this sense of community is what keeps many people exercising. We create the perfect mix using the flexibility of the training style and the adaptability of our equipment to enable all abilities to train together.

PLANNING YOUR NEW FUNCTIONAL TRAINING SPACE?

Discover how to achieve the launch of an outstanding functional training experience.

SEVEN STEPS TO SUCCESS IN YOUR SPACE.

STEP 1.

A VISION FOR THE CLUB.

A vision is most of all about understanding your customers. Who do you want to appeal to? What are their fitness and social goals from using a facility? What kind of experience will attract these people? Making firm decisions about your preferred customer profiles and how best to meet their needs enables you to provide unique, personalized experiences.

STEP 2.

EQUIPMENT THAT MEETS YOUR MEMBERS' NEEDS.

With a clear vision in place, it's time to choose suitable equipment. Variety is the key to engaging experiences and functional training equipment delivers, with dozens of options available. But don't become blinded by what's on offer: remain true to your vision and select equipment perfectly suited to your chosen member profiles.

STEP 3.

A BRILLIANT TRAINING ENVIRONMENT.

Boutiques have proven that the environment in which people train is an integral part of the overall experience. It's about great aesthetics – color schemes, lighting, wall graphics and so on – but it doesn't end there. Having a layout that works, suitable flooring and space-efficient equipment racks also contribute.

STEP 4.

KNOWLEDGEABLE, SKILLED AND CONFIDENT TRAINERS.

Functional equipment and free weights do not have on/off switches and they are not always intuitive to use. A club's trainers therefore need the knowledge to help members use the equipment safely and effectively. Add in the confidence to interact with members to form a sense of community and belonging, and you have a recipe for success.

STEP 5.

PROGRAMMING THAT EXCITES MEMBERS.

Most boutiques build their business around their programs, with each one having its own branding to communicate the experience and results members can expect. Without brilliant programming, there's a real danger that members will fail to get on board with functional training. Great programming teaches people how to use the equipment, brings them together for awesome social experiences, and delivers results over the long-term.

STEP 6.

A BUZZ ABOUT WHAT YOU DO.

Once the equipment, environment, trainers and programming are in place, it's time to tell the world. This starts with making sure that all of the club's staff (training and non-training) understand the key points about the equipment and programming. That's the starting point for communicating a clear message and generating word of mouth. Then it's about using online tools to spread the word more widely.

STEP 7.

CONSTANT EVOLUTION TO REMAIN ATTRACTIVE AND COMPETITIVE.

Offering the same experience for months on end can become tiresome and ultimately drive members into the door of a competitor. Boredom should not be an option in any fitness space. This is why regularly reviewing what you're offering is so important, coupled of course with an evolving experience that maintains the excitement and engagement.

THE ESCAPE YOUR LIMITS PODCAST.

The Escape Your Limits podcast is a weekly free audio and video release that reveals the mental, physical and emotional ingredients involved in standing out above everybody else.

Every episode enables a hungry audience to discover why successful people keep going when most people stop, and what keeps them going day after day. It's not about shortcuts for dreamers; these people prove that constant hard work Fueled by the right frame of mind is what makes dreams a reality. With Escape Your Limits, we can all learn from specific, actionable experiences and entrepreneurs can share how to make success happen for anyone.

THE WORKOUT APP.

Now there's support for anyone working out with Escape's functional training equipment – in the gym, outdoors, at work or at home.

SCAN FOR MORE INFORMATION.

The workout app provides a pocket-sized training partner showcasing the best Escape products, and how to use them, at just the touch of a button.

Discover new ways to exercise using Escape equipment, with a few selected exercises for each item. Follow singles exercises, or take on a full workout to target strength, conditioning or total body benefits.

Available as a free download from the Apple and Android app stores.

FEATURES.

Exercise content is performed by Escape trainers and feature a wide range of functional tools including Corebags, Sandbags, Multi Grip Medballs, Bulgarian Bags, CMTs, GRIPRs, Plyosoft Boxes, Kettlebells, Bars and Plates, VERTBALLs, Battle Ropes, STRONGBOX and TIYR are all included.

MARS 2.0 WORKOUT SCREENS.

Meet MARS (Multi-Activity Resource Station), the next generation of digital coaching. MARS breaks down barriers to participation for those that feel unsure of how to use functional equipment safely and effectively. Combining first-class education on all our equipment with innovative equipment, our range of MARS screens create an inclusive virtual coaching environment that everyone can enjoy on every visit.

FREE WEIGHTS – AT THE CORE OF WHAT WE DO.

Functional and strength training has been at the core of our mission and workout philosophy since we embarked on this journey over 25 years ago.

We took a simple resistance training tool, built by my father when I was a teenager, and this became the central idea for our family business start-up, the formation of Escape Fitness and becoming the first company to develop an affordable SBX dumbbell for the UK fitness industry.

Having saved up to import into the UK, we hit our lucky break when a small start-up reached out to us with a problem; they had been let down by their supplier and urgently needed a set of dumbbells for their grand opening the next morning. Presented with the opportunity, we delivered that very same evening.

That small start-up went on to become one of the biggest fitness chains in Europe, and in turn, helped us to become one of the largest suppliers of commercial free weights in the world. Over 1100 tonnes shipped in the last 12 months alone proves that when you invest in an Escape product, you can guarantee your investment is in safe hands.

More than two decades later, we continue to solve problems for our customers and to design and build high quality functional free weight training equipment.

As one of the few fitness companies to own a dedicated manufacturing facility, we produce patented dumbbells and weight plates with complete control of the supply chain, from raw materials to shipping cartons. With no middle men, no trading agents and no additional costs built in, you can be assured you're getting the best possible price and quality on the market.

Matthew Januszek

DUMBBELLS AND BARBELLS.

A pair, or set of dumbbells or barbells is an essential for any fitness goal or training space. To ensure users reap the full benefits of reps and sets, our materials have evolved over years using a special formula and a rigorous testing protocol to ensure we can boast the best on the market, setting a new benchmark for quality. Your investment is manufactured to the highest standards, and seamlessly integrates dumbbells and barbells with our racks and storage solutions, ensuring long-lasting craftsmanship and user satisfaction.

COMPARISON CHART.

WARRANTY	5 years	3 years	1 year

HOW TO CHOOSE.

URETHANE DUMBBELLS.
Durable to match the demands of high-use facilities, these dumbbells have a permanently-bonded, steelhead and dual lock construction. Featuring weight indications on top and on the sides, the unique head shape, round at the front face to an Octagon at the rear, gives the parallel faces for anti-roll benefits.

SBX DUMBBELLS.

The SBX dumbbells don't extend as high in weight range but still feature the same patented "Dual Lock Plus" process, hard satin chrome, splined press fit at three tonnes and are full penetration welded. In contrast to the urethane range, the SBX dumbbells cater more for low-to-medium use facilities.

STAKRBELL.
The STAKRBELL has a unique, flat design for space-saving efficiency, perfect of commercial or at-home use. The stackable weight options create an array of options whilst the non-roll design means these dumbbells will always remain where you place them.

URETHANE DUMBBELLS.

With a permanently-bonded, steelhead and dual lock construction, this innovative dumbbell range even features weight indications moulded into top and sides of the weights. Seamlessly integrates with our Rigid Rack storage solutions.

INFORMATION.

STAKRBELL.

The STAKRBELL has a unique, flat design for space-saving efficiency, perfect for commercial or at-home use. The stackable weight options create an array of options whilst the non-roll design means these dumbbells will always remain where you place them.

Pair STAKRBELL with either DECK 2.0 or Step Platform Solution to create a complete, independent workout station.

STORAGE.

The STAKRBELLS are designed to fit inside the integrated storage space in DECK 2.0 to create a space saving solution that keeps training spaces free of clutter.

ASTAKR46	STAKRBELL 4lb and 6lb x2 4lb - 13.9" (L) x 5.05" (D) x 1.04" (H) x2 6lb - 14.4" (L) x 5.3" (D) x 1.3" (H) Total weight per set 20lbs	\$169.00
-----------------	---	-----------------

STORAGE RACKS.

Great storage maximises floorspace, opening the door to the best possible member experience. Faced with a fixed overhead of running a facility in terms of cost per square foot or square metre, freeing up as much space as possible for training is vital.

The Escape Rigid Rack range has been created to provide a slimmer, subtler storage option to ensure the right fit, whatever the need.

HOW TO CHOOSE.

VERTICAL RACK.

The Vertical Dumbbell Rack conveniently organizes your Escape dumbbells and delivers a space-saving alternative to a horizontal rack.

XRACK 2.0.

With a striking look and improved space efficiency, the XRACK adds angular style and practicality to any facility.

RIGID RACKS.

The Rigid Racks are designed to be a lighter weight, more discreet and slimline rack option to minimize both material and cost.

OCTAGON RACKS.

Durable, heavy-duty and bold, our Octagon Racks are made in the UK, connect together and complement our Octagon Frames.

STRENGTH.

DUMBBELL SETS WITH VERTICAL RACK.

Combine your dumbbell set with the Vertical Dumbbell Rack which conveniently organizes your Escape dumbbells and delivers a space-saving alternative to a horizontal rack. Providing easy accessibility, it maximizes floor space with minimal fuss.

URETHANE DUMBBELL SETS WITH VERTICAL RACK.		
APUDB225V	2.5-25lb Urethane Dumbbell Set RACKVDB 2.5lb incs (10 pairs – 20 total)	\$2,459.00

COMPETITION PRO KETTLEBELLS 2.0.

The heavy-duty choice for clubs and members who take their lifting seriously. Uniform size and industry standard color coding to meet competition standards. Cast stainless steel handles won't rust, and extra-tough powder coating with engraved weight indicators ensure life-long visibility.

SBX KETTLEBELLS.

The innovative SBX kettlebell range offers a high level of practicality that lasts. Textures and grooves allow for more grip options with dynamic feedback when shifting weight, while the hard satin chromed and salt tested handles ensure longevity.

STUDIO KETTLEBELLS.

Gentle on your grip as well as your flooring. The cast iron bell is vinyl dipped with bright colors so you can easily organize your collection by weight. Durable and versatile, these best-selling, effective weights start at 4lbs, making them a great entry-level option.

STRENGTH.

COMPETITION PRO KETTLEBELLS 2.0.

HOLLOW CORE.
Hollow core design that enables more of the weight to be distributed closer to the handle rather than the base.

BASE.
The wide, flat base is perfect for renegade rows and push-ups.

HANDLE.
Cast stainless steel handles that won't rust.

HOW TO CHOOSE.

URETHANE GRIP PLATES.

Designed with cut-outs to allow you to separate plates and prevent them locking together. Made from hardwearing Urethane, with side numbering for easy weight identification, these plates have stainless steel centers and optional laser engraving or text PU filling for custom branding options.

RUBBER GRIP PLATES.

There is a lot of choice when it comes to buying bumper plates for your facility. The Rubber Grip Plates are great all-rounders, with a simple no-fuss design. These plates are versatile and durable, built to last, lift after lift.

ELITE URETHANE BUMPER PLATES.

Outstanding durability, tight weight tolerances and low-bounce performance set these plates apart for the ultimate Olympic lifting experience. Inbuilt grip inserts and grip lips, enhanced vibrant colors and clear weight numbers make these plates appealing and accessible.

RUBBER BUMPER PLATES.

These rubber bumper plates are impact absorbing and scratch resistant. The design of these back-to-basics bumper plates might seem simple in aesthetics but they are an effective way of bulking out any barbell set up.

STRENGTH.

LIFTPLAT4.

STRONGBOX.

This revolutionary, all-in-one workout bench will appeal to design conscious gyms who want to attract, and retain members. A next-level training bench, plyo platform and equipment storage unit, STRONGBOX not only demands attention, but speeds up transitions and enhances safety, storing equipment, including Nucleus Dumbbells, neatly to hand.

Using the same steel construction, STRONGBOX's ergonomically designed octagon-shaped back pads allow clearance for exercises while your back remains supported. With an adjustable back rest and a high-density urethane pad to accommodate weighted step ups, this is a dedicated, permanent station that keeps members in one place, for an entire workout.

PLEASE NOTE:
Accessories sold separately.

STRBOX2V2	STRONGBOX	\$2,300.00
ASTRBDB	STRONGBOX with Dumbbells	\$3,145.00
Includes: 6x Rubber Dumbbells 5lb-30lb		
ASTRBEP	STRONGBOX with Equipment Pack	\$3,600.00
Includes: 6x Rubber Dumbbells 5lb-30lb,		
1 x 20lb and 25lb Rubber Kettlebell,		
1 x 11lb VERTMINI, 1 x 17.6lbs GRIPR,		
1 x Resistance Tube 02 Green		

SPECIFICATIONS.
Size: 51" x 20" x 20". Weight: 198lb empty.

INJECTION MOLDED PADS.
Injection molded pads are tough and hygienic.

BACK PADS:
Octagon-shaped back pads provide range of motion clearance.

DUMBBELL PROTECTORS.
Urethane encased dumbbells protectors.

HOOKS.
Hooks to attach bands for resistance-focused movements.

WHEELS:
Wheels to make the box easily portable, for storage or workout.

SIX LEVEL INCLINE.
Fully adjustable back pad.

PRODUCT STORAGE.
Shelving for products such as GRIPRs, resistance tubes, medicine balls, or even keys and mobile phones safeguards equipment to free up the gym floor.

ADJUSTABLE BENCH.

A staple of strength training and more, the Adjustable Bench is one of the most versatile workout stations available. Seven levels of incline/decline on the backrest and three on the seat make for a variety of options and flexibility for users to target any area of the body.

ADJBEN2 Adjustable Bench **\$699.00**

SPECIFICATIONS.
Size: 52" x 16" x 23". Weight 81.5lb.

DECK 2.0.

With 16 configurations across Step, Ramp and Bench modes, DECK 2.0 is perfect for step, circuits, BODYPUMP™ or Bootcamp workouts, enabling the creation of multiple full body workouts from one training bench. An ideal training tool in 1-on-1 or group environments, pair the DECK 2.0 with our space-saving STAKRBELL dumbbell options and you have a winning combination.

INTELLIGENT GRIP.
Texture varies across the surface to match up with the demands of hands or feet in particular areas.

EQUIPMENT STORAGE.
The perfect space for a full set of STAKRBELL and resistance bands, creating a fully equipped workout station

ANATOMIC HOT SPOTS.
Targets help guide users to where their hands and feet should be on every rep.

STAKRBELLS.
The STAKRBELLS tucks away seamlessly in the integrated storage space forming a self-contained training solution. See page 19.

EST-DECK	DECK 2.0	\$237.00
TRAIN12	DECK 2.0 Product Training Workshop	\$82.00

SPECIFICATIONS.
Size: 48" x 14" x 8" (flat), 38" (extended). Weight 28.7lb.

STEP PLATFORM SOLUTION.

Use a single STEP for classic step exercises, raise the height with RISERS for more challenge, or create an inclined platform for extra stepping options or bench work. Versatility is guaranteed and it's easy to switch between configurations mid-workout.

Both platform and riser are made from polypropylene that's strong yet allows a little 'give' to protect joints, whilst the anti-slip properties of the top mat and stabilizing blocks mean even rapid movements can be performed safely.

STEP.

RISERS RAISING STEP.

RISERS RAISING STEP INTO INCLINE POSITION.

ANATOMIC HOT SPOTS.
Precise targets as a guide for correct foot and hand positions, and to hit in combinations for endless variety and challenge.

HEAT WELDED TOP MATS.
Instead of simply gluing the mats to the STEP and RISER they are attached via more robust heat welding for long-term performance.

LOCKING CONNECTORS.
Line up the red connectors and a firm push locks STEPs and RISERS securely together.

REGISTERED DESIGN.

STEP01	x1 STEP	\$119.00
STEP03	x3 STEPs Pack	\$349.00
STEP04	x1 STEP and x2 RISERS	\$205.00
STEP05	x1 STEP and x4 RISERS	\$291.00
STEP07	STEP Club Pack (x3 STEPs and x6 RISERS)	\$583.00

SPECIFICATIONS.

STEP01: Size: 42" x 17.5" x 4" Weight 13.7lb.

THE ESCAPE RISER.

The Escape RISER increases the height of the STEP platform or is a stepping platform in its own right. Wide enough to step on, but narrow enough to straddle – the RISER can be used to create dynamic workouts that get the user moving in all planes of motion.

The riser is inexpensive, and yet extremely versatile. Incorporate it into strength work to increase the distance to floor and therefore the depth and range of motion, enhancing the muscle recruitment.

STEP02	x1 RISER	\$43.00
STEP06	x6 RISER Pack	\$234.00

SPECIFICATIONS.

STEP02: Size: 17" x 17" x 4" Weight 4.1lb.

THE OCTAGON FRAME RANGE.

Escape offers multiple configurations of frames, all which can be further customized with innovative storage solutions and optional attachments to create the ultimate training environment.

From compact, corner solutions that bring to life underutilized areas through to eye-catching centerpieces that demand attention, our range offers unrivalled flexibility.

Here are some options to get your started.

T1 TOWER.

A versatile, entry-level frame great for small areas. Available off the shelf or fully customizable.

WALL-BASED FRAMES.

Fully customizable, modular HIT HUBs with attachments and integrated storage solutions.

HTS.

A versatile frame with integrated storage and bridge design to maximize floor space.

CORNER.

A tucked-away, training and storage solution that optimizes every inch of space.

OCTAGON.

The ultimate freestanding or bolt-down frame for a totally loaded, multi-station training experience.

SQUAT.

A must-have, versatile frame for any club looking to support a serious strength training program.

BOXING.

Fixed frame or incorporating Escape's unique BOA Rail technology for ultimate training flexibility.

CUSTOM.

Design your bespoke training environment with Escape's interconnecting modular frame and attachment system.

T1 TOWER.

Available as an off-the-shelf or a customizable frame, this compact, freestanding, 'entry-level' unit is designed to be the smallest of our range, and also the most affordable. It offers a multitude of exercise options and delivers a highly inclusive exercise experience, ideal for both the fitness beginner through to the seasoned athlete.

HIT HUBS.

Bring any training area to life with our expertly designed HIT HUB. Forming part of our Octagon range, the HIT HUB benefits from a modular design that links bays to create the perfect frame that blends in with your space.

Available as single or double sided, bolt down or freestanding, with the option to add storage solutions, the HIT HUB offers a multitude of configurations.

Single sided is ideal for maximizing limited or underused floor space whilst double sided provides zoned divisions, doubling the exercise stations, perfect for group exercise.

HIT HUB - THE MOST VERSATILE FRAME EVER MADE.

BOXING.

Kicking, punching, jabbing and striking are all perfect for developing speed, strength, power and dexterity. Create a perfect combat training environment with our fixed bag frames or our HTS BOA Rail technology.

PACKING A PUNCH.

OCTAGON.

BOA RAIL.

The BOA Rail is a modular, secure anchor point for punch bags, which also enables trainers to quickly transition seamlessly from bag work into other complimentary training methods thanks to the user-friendly lock/unlock mechanisms.

WORKING POSITION.

Depending on the size of frame chosen, the BOA Rail provides capacity for two, three or four punchbags to be used at the same time.

DOCKED POSITION.

When the boxing session is over, simply release the locking mechanism and slide each bag over for neat storage.

FCD05515-02T BOA Rail, Bolt Down holding 20 Boxing Bags **\$102,058.00**

BOXING FRAME.

Whether for advanced combat classes or for beginner striking sessions, this modular frame works as a grid system and can be configured to hold a customized number of bags in fixed positions to meet the number of users, with the option to scale up or down in numbers easily. An efficient, space-saving solution and an adaptable option for all abilities.

DIMENSIONS.

FCD05515-02U Boxing Frame, Bolt Down holding 12 Boxing Bags **\$23,616.00**

OPTIONAL FRAME ATTACHMENTS, MAXIMUM FUNCTIONALITY.

CRUX ROPE PULLEY.

Constructed from a heavy-duty steel case and polypropylene rope, the CRUX was made to withstand the most challenging training sessions. This optional piece of kit is intuitive, beautifully designed, requires zero setup, and the adjustable resistance makes it suitable for all users.

Get to grips with the CRUX to elevate heart rate, build functional strength, and improve cardiovascular endurance.

DESIGN.

The CRUX Rope Pulley is designed to fit seamlessly with the Octagon frame range.

VARIABLE RESISTANCE.

No setup required. Simply select resistance level to get started.

POLYPROPYLENE SYNTHETIC ROPE.

Durable enough to withstand heavy commercial use without breaking down.

OCA093 CRUX Rope Pulley **\$3,966.00**

PLEASE NOTE: additional mount plates may be required, please speak to sales representative for more information.

SPECIFICATIONS.
23.8" x 6.9" x 37.5".

THE STACK.

The STACK is a solid steel cable column designed to sync perfectly with the Escape HIT HUB and Octagon training frames, adding versatility and dynamism to any workout.

Featuring a 300lb weight stack on a 2:1 cable ratio, the STACK offers a 160 degree cable range with a 9ft cable travel length. This engineering provides total freedom in terms of resistance and movement, delivering the ultimate in cable training for the everyday use.

DESIGN.

Designed to fit seamlessly with the Octagon frame range.

CABLE.

DESIGNED TO ORDER.

DESIGNED TO ORDER. INNOVATE, PREMIUM, STYLISH FRAMES.

In addition to our off-the-shelf frames, Octagon frames can be made bespoke, creating almost limitless opportunities for a frame unique to your brand or environment.

In 3 simple steps, our expertly trained designers will turn your dream frame into a functional reality.

Manufactured in the UK, handmade with skill and using only the most premium steel, we'll build you a frame that makes an impact and withstands the toughest of training settings.

3 SIMPLE STEPS TO MAKE YOUR DREAM FRAME A REALITY.

01.

DESIGNING
FOR IMPACT.

02.

ADDING YOUR
ATTACHMENTS.

03.

CHOOSE YOUR
COLOR.

DESIGNED TO ORDER.

01.
DESIGNING FOR
IMPACT.

All of our design experts have at least two years' experience building the most impressive functional training frames built to fit your individual needs.

They will first help you plan your frame for maximum efficiency and effect, considering your floor space, desired training modalities and the environment.

Alongside this, our team will ensure we build a frame that is safe and future proofed.

OVER 25
YEARS INDUSTRY
EXPERIENCE.

DESIGNED TO ORDER.

02.
CHOOSING YOUR
ATTACHMENTS.

Escape offers a wide selection of optional attachments to maximize and individualize the functionality and versatility of your bespoke Octagon frame.

A small selection of accessories are shown opposite. These include the new CRUX ROPE - the ultimate infinity rope training, and the STACK, the frame-mounted cable column with adjustable resistance.

If your training space has a low ceiling, there is the option to select a shorter frame leg.

Through our app, you can try an array of options - adding various attachments until you design the ultimate frame for your requirements. If you need a little extra help, our team is always on hand to help.

Please contact us or your sales representative for the full range of accessories available.

OCTAGON.

DESIGNED TO ORDER.

03. CHOOSING YOUR COLOR.

Create a frame that stands out or blends into the environment, its your choice with our color options.

Escape now offers an expanded range of color options, giving you the opportunity to create functional frames that match your unique club branding and environment.

Bring your frame to life with our range of standard, premium or bespoke colors.

STANDARD COLORS.

SPECIFICATIONS. Size: 38" x 29" x 39". Weight 88lb.		
Plates not included.		

MULTIPLYO.®

We've taken the great idea of a 3-in-1 plyo box and given it the Escape treatment. Made to the same dimensions as the boxes used for cross training, this great space-saving box is the perfect tool to introduce beginners to plyometrics.

LANDING ZONES.
Anti-slip landing zones are on all six sides, and it's designed so that it won't move when in use.

COVER.
An easy-to-clean GTEX cover is securely heat welded over a foam core to avoid creasing.

FILLING.
Made in the UK from light weight foam.

FUNCTIONAL.

PATENTED.

MULTIP2	Multiplyo	\$1,092.00
SPECIFICATIONS. Size: 20" x 30" x 24"		

THE ESCAPE GLUTE BOX.

With glute training on the rise. The Escape GLUTE BOX offers a portable and affordable solution to clubs. A revolutionary patented new training hybrid box that can be placed anywhere in a facility and partnered up with a favourite functional training tool and our MARS Functional Screen to assist with workout and exercise tuition.

Specifically designed to carry out more than 30 glutes exercises, in a more effective, comfortable and safe way.

TARGET ZONES.
Anti-slip design with targets on the top to aid users.

DESIGN.
Patented angled design makes training more effective, convenient and safe.

EXERCISE LIBRARY.
Unique versatility with more than 30 exercises for glutes and legs.

MATERIALS.
Durable vinyl cover tightly fitted over a firm foam filling.

GLBOX	Glute Box	\$654.00
SPECIFICATIONS.		
Size: 16in x 29.5in x 21.5in. Weight: 26.5lb.		

FUNCTIONAL.

PLYOSOFT BOX.

Take your training experience to a new level with plyometrics. Open up opportunities for stable box jump patterns in frontal, lateral and transverse planes. Adding to the challenge are target markings as part of the top surface design, giving users precise areas to aim for.

PERFORMANCE.

Both top and bottom surfaces are made of anti-slip material for performance and stability.

FILLING.

Made in the UK from light weight foam.

DURABILITY.

For more durability, a tough outer material is tightly fitted over a firm foam filling.

SECURE.

Patented velcro tabs so you can safely stack the boxes.

TARGET HOT SPOTS.

Users can land their hands or feet on targets on the top surface for an extra challenge.

HOW TO CHOOSE.

ENDURA BALL.

Tough, durable and versatile. This is the ultimate soft, multi-purpose, medball. Slam it, lift it, chuck it. This ball will withstand high levels of training punishment.

VERTMINI™.

An evolution of the classic VERTBALL. Small and soft, perfect for partner-games training and dynamic movements. Bright, attractive design.

MULTI GRIP MEDBALL.

A practical twist on the classic medball. Integrated 'handles' add a new dynamic that supports even more movement options.

SLAMBALL SBX™.

Hardcore, rubber medball, designed for extreme training. This is the most durable, classic design medball in the Escape range.

FUNCTIONAL.

ENDURA BALL.

These are the toughest medicine balls in the Escape range, and double up as a great 2 in 1 slamball or medicine ball option. Designed for a variety of workouts that will push anyone to reach a new level of fitness.

MATERIAL.
A combination of synthetic polyester wool, rubber crush and cork make for robustness you can trust.

DURABILITY.
The hardwearing material of the ENDURA Ball makes it the ideal tool for heavy duty usage.

NUMBERING.
Oversized numbering stitched in makes for quick and easy weight identification.

FUNCTIONAL.

SLAMBALL SBX.™

The SBX Slamball has had a makeover and is now tougher than ever. The new Slamball SBX delivers even more durability, so it's perfect for heavy use in workouts to build maximum power and core strength.

TEXTURED.

The combination of a 254mm diameter and textured surface

SLAM.

Fight to control carefully-engineered instability and slam it as hard as you like: it won't bounce or roll, so users can really give it everything they've got.

DURABLE.

50% thicker than the previous model with a combination of SBX rubber over a reinforcing mesh fabrication.

Strap: 78.7" (L) x 1.5" (W) x 0.05" (D)		

BATTLE ROPES.

Battle Rope training is one of the most underutilized exercises in fitness training. It's a tough challenge that raises the heart rate, and develops core, forearm and grip strength. Made in the UK, our ropes are built to last, with the durability to withstand the highest intensity usage.

BR3210	33' x 1¼" Battle Rope	\$357.00
TRAIN01	Battle Rope Product Training Workshop	\$82.00
SPECIFICATIONS.		
Size: 33' length. 1.25" dia. Weight 11lb.		

CMT.™

The Core Momentum Trainer™, or CMT, is transforming the way people train and target the core. It's about developing deep core muscles that are difficult to reach with standard training methods. The lubricated Power Shot inside the CMT collides with the Power Core walls, and controlling this force is what kick-starts the core muscles into action.

ERGONOMICALLY DESIGNED.
Textured surface makes it easier to grip.

POWER SHOT.
The lubricated Power Shot delivers a significant force.

AUDIBLE FEEDBACK.
Combines sound with movement.

REMOVABLE HANDLES.
Create even more workout options.

PATENTED.

CMT1	2.2lb	Core Momentum Trainer – Green	\$155.00

Weight refers to the internal Power Shot.

PRO BOUNDER.™

Specially manufactured for commercial use, the PRO BOUNDER is safe, strong and fun. It features rubber bungees in place of steel springs for a safer, smoother rebounding experience. Light enough to move around the club, but durable enough to meet the demands of a busy gym, the PRO BOUNDER adds bounce to any workout.

FRAME.
The frame of the PRO BOUNDER is an extremely strong steel tube, light enough to carry around but sturdy enough for even the most aggressive rebounding.

BUNGEEES.
Bungees provide a smoother bounce than springs and are safer for users if they get hands or feet caught within the cords.

FEET.
Rubber bumpers act as 'feet' on the legs to ensure it does not move during fast-paced workouts.

EST-REBOU	PRO BOUNDER	\$304.00
SPECIFICATION. Size: 45.75" x 12.25".		

AMMO BOX.

Perfect storage for small training equipment like boxing gloves, GRIPPRs and power bands. The Ammo box is a stylish storage solution with ample capacity for most clubs.

MATERIALS.
Made from 95% carbon steel, the Ammo Box is built to take a lot of abuse in busy gyms.

SOFT CLOSE LID.
Features include gas struts for a soft-close lid.

SECURE.
Holes for padlock so you can keep your equipment safe.

EASY MOVEMENT.
The front handle and wheels make it easy to move to where people are working out.

VENTILATION.
to help complete the drying of equipment between workouts

BOXING.

Punch, spar and jab towards a fighting-fit body. The popularity of combat and boxing training is at an all-time high. We have continued to innovate engaging training spaces and long-lasting, durable equipment to ensure that our boxing range stands up to the wear and tear of the toughest workouts.

Boxing lends itself perfectly to group training, and can attract more interest than standard cardio and HIIT workouts. So, whether members are looking to increase their confidence or release their inner fighter, our range provides a knockout performance every time.

CURVED HOOK AND JAB PADS.

Designed to test your strike accuracy, these pads provide a target to hit and fine-tune your combinations. The dual-density palm pads, and ability to spread your hand wide to absorb punches via the individual finger placements, ensure that it's the pads that take the beating, not your hands.

EBOX-CHJP Curved Hook and Jab Pads – Pair **\$58.00**

SPECIFICATION.

Size: 3" x 8".

FREESTANDING PUNCHBAG.

This entry-level freestanding bag will challenge users of every ability without the need for permanent fixtures and fittings.

AFSPB02 Freestanding Punchbag **\$861.00**
SPECIFICATION.
Size: 46" x 15". Weight 16.5lb empty, 275lb full.

HEAVY PRO PUNCHBAG.

Let your members put in the work with this premium heavy boxing bag, designed to withstand maximum punishment without the same resulting noise of other bags.

AHVPB02 Heavy Pro Punchbag **\$625.00**
SPECIFICATION.
Size: 50" x 16.5". Weight 100lb.

PERFORMANCE
EVEN FOR THE
MOST AGGRESSIVE.

THAI BAG.

A great fit for any functional or combat-focused space, this full-length Thai bag is ideal for Muay Thai and MMA style workouts incorporating punches, kicks, elbows and knees. The stronger, more durable material straps on the Thai Bag make it much quieter than the traditional chain-strapped bags, enabling combat programs to coincide more harmoniously with other gym sessions.

STRAPS.
Durable straps for noise reduction.

DESIGN.
The bag is covered in a non-slip material, reflecting the benefits of making an impactful connection with each hit.

ANTI SWING.
There's also a loop attached to the base, enabling it to be tied securely in place.

ATHAI01	Thai Bag	\$699.00
SPECIFICATION. Size: 65" x 14". Weight 99lb.		

FLEXIBILITY.

To boost your all-round performance, it's important to focus first on your foundations. Work on flexibility, mobility and posture alongside every training session and your overall fitness and health will reap the benefits. Refresh tired muscles, revive key joints and condition the core with our bright, engaging range of mobility equipment, designed to help everyone get the most from every workout.

HOW TO CHOOSE.

YOGA MAT.

This mat features a centered dotted line for guidance, which makes it the ideal mat for beginners.

CORE MAT.

A hard-wearing, easy-to-clean and hygienic mat that is perfect for core conditioning within studio work.

FLEX MAT.

A high-grip, textured surface featuring a fast-acting memory foam that returns quickly to its original shape.

MULTI MAT.

PVC covering and compound foam create an easy-to-clean, versatile and comfortable mat, at home in any studio.

FLEXIBILITY.

YOGA MAT.

Our Yoga Mat is made from compact foam and has been designed to allow for more grip and comfort when performing yoga moves.

DESIGN.
The mat features a central white positioning guide for hand and feet alignment.

Eyelets for hanging on Escape's mat storage racks.

COMFORT.
The material used for the Yoga Mat is chosen for its excellent grip, comfort and easy-clean properties.

YMAT01	Yoga Mat – Black	\$30.00
SPECIFICATION. Size: 68" x 24" x 0.12".		

YOGA BLOCK AND STRAP.

YOGA BLOCK.

The Yoga Block is made from high-quality foam and is heavier, stronger and will last longer than most lightweight alternatives.

YOGA STRAP.

The Yoga Strap allows users to achieve those hard-to-reach yoga positions. It will stay in place thanks to the robust buckle that securely holds the strap at the right length.

YBLOCK1	Yoga Block – Black	\$16.00
EST-YOGS	Yoga Strap	\$6.00
SPECIFICATIONS. YBLOCK1: Size: 9" x 5.5" x 3". EST-YOGS: Size: 67.33".		

A YOGA MAT THAT'S READY TO GO, WHATEVER YOUR FLOW.

YOGA MAT.

YOGA BLOCK.

YOGA STRAP.

FLEXIBILITY.

CORE MAT.

Whatever your exercise needs – stretching, mind, body and balance – this specially formulated non-slip foam mat is perfect.

MATERIALS.
Welded and laminated PVC cover with foam inner.

DESIGN.

The cool anthracite color will provide your studio with a calm and relaxed atmosphere

EST-CMATA Core Mat – Anthracite **\$51.00**

SPECIFICATION.
Size: 40" x 20" x 0.37".

Eyelets for hanging on Escape's mat storage racks.

FLEX MAT.

Two-sided, multi-purpose, non-marking base with a high-grip surface that has been designed specifically to provide extra comfort and grip, ideal for Pilates and stretching.

DESIGN.

The Flex Mat is more than three times thicker than a regular yoga mat, with a specially formulated non-slip base.

DOUBLE-SIDED.

The Flex Mat incorporates one black side, and one gray side.

MATERIALS.

Fast-reacting memory foam quickly returns to its original shape so you can work out without stopping to rearrange your mat.

EST-FMGRY Flex Mat – Anthracite **\$67.00**

FLOORING.

Fitness flooring can support the successful running of a club in several ways, from separating floor space into different zones to protecting members and equipment during workouts. Specialist options like line markings, speed tracks and free weight flooring make a big contribution to the ability of everyone in the gym to perform at their best. Escape uses years of gym experience and technical knowledge to provide the right specialist flooring for clubs that demand the best performance from their investment.

EVERFLEX	173

FEATURE FLOORING.

The gym floor is unlike any piece of equipment, because it's put through its paces all day, every day. That's why it's just as important as a club's training tools. Clubs are increasingly looking for flooring that adds some style, color and vibrancy to the ambience of the facility. And of course, it should also be carefully chosen to support and protect the club's members, and reduce the stress placed on equipment. We've taken all of these factors into consideration to perfect a quality range of flooring options.

GIVE MEMBERS INDUSTRY-LEADING TECHNOLOGY.

Across the Escape range, there is flooring that will keep pace with users engaged in a variety of training styles, no matter what is thrown at it. High quality materials make it a durable, long-lasting and effective investment. Our flooring systems offer athletic benefits to end users, protecting their ankles, knees and hips in areas that may involve high impact, plyometric or aerobic training. The materials used include elastomers that adapt to the foot, reducing the risk of injury to members and instructors.

CREATE SUPERB TRAINING ENVIRONMENTS.

We have dedicated, specialist flooring for every facility's needs – from functional training, free weight areas, sprint tracks and stretching spaces. Let's not forget also that the right flooring can add a huge 'WOW' factor to clubs, transforming workout areas from uninspiring places to breathtaking spaces.

LET US SUPPORT YOUR PERFECT FLOORING INSTALLATION.

With several flooring options from which to choose, making the right decision isn't always straightforward. That's why our team are here to help you choose products and colors that reflect your unique needs, in terms of performance and aesthetics. The team will work closely with you to assess and choose the flooring that meets your facility's needs, making sure you stand out from the competition.

SHOCKTURF.

This new-generation synthetic turf flooring has been specifically developed for functional training environments, both indoors and outdoors. It's a true heavy duty product that has consistently performed brilliantly in wear and resistance tests.

TRAINING.

The key to achieving motivated members is having coaches and trainers who are knowledgeable and passionate about training tools and techniques. That's what Escape Training is here to help you achieve.

WHY ESCAPE TRAINING	176
IN CLUB GROUP PROGRAMMING	178
ONLINE TRAINING WORKSHOPS	182

MEET THE TEAM OF MASTER TRAINERS.

Experience is everything, and Escape understands that we all work better together, sharing insight that we can pass on to our clients, customers, members and gym-goers. That's why we have an extensive range of training experiences, both in digital and face-to-face formats. Each one imparts knowledge about all things fitness, starting at the programming and delivering group training experience, to gamification and much more.

WHY TRAIN WITH ESCAPE.

The journey to increased revenue and retention can be so much more than just a numbers game. Escape provides an exhaustive experience in every respect, drawing on decades of knowledge for exciting workouts that bring big benefits to business and bodies alike.

Our team of Master Trainers experience this first-hand and discover ways in which they can innovate on what they learn in order to keep clients coming back for more. Join us in person or online for motivation, inspiration and perspiration through a movement revolution that we can lead together.

BUSINESS IN A BOX.

The rise of the niche-interest experiences proves that people's taste for fitness has changed. There's a growing demand for fun, fast group training, usually in a HIIT style. It's why small studios are doing so well and why established clubs often need to revisit their offering in order to compete – it's survival of the fittest.

Now any club can bring fantastic group training experiences to their members. Escape offers you a suite of programs with everything you need to get going straight out of the box, from small group training to creating a club within a club solution.

ONLINE TRAINING COURSES.

With our varied industry and evolving exercise trends, it's more important than ever to ensure your clients/members get the most engaging training experience and the very best results. Education is essential – upskill with Escape.

This system of training supports PTs within gyms, running their own facilities, or taking on the world outside a traditional gym in spaces such as boot camps. The tools provided can be successfully used to stay ahead in business and in fitness.

INSTRUCTOR TRAINING.

Becoming certified is essential for companies and trainers aiming for the highest level of member experience. Our certification courses are designed to give you the how and why behind training methods, so that trainers gain the confidence to work with any member.

The importance of in-depth research, practical knowledge and real experience are paramount to the way we create our courses. This is why we create the very best course content and support that allows you to deliver the best training to members.

MOVE IT.[®] GROUP TRAINING PROGRAM.

MOVE IT is designed to achieve the maximal post exercise benefits of HIIT training, developing rest aerobic and anaerobic capacity to new levels. Participants move through a series of workout zones, with intervals, equipment and exercises carefully chosen to challenge energy systems while developing total body, functional strength and endurance.

WHAT DO MEMBERS GET FROM MOVE IT?

MOVE IT provides a fun, challenging, self-paced workout for members of most fitness levels. It has been designed from the ground up in a way that lets people of different capabilities work out together. The typical MOVE IT participant will be looking for more variety and fun – and better results – than they can get from other workouts. It's the combination of the HIIT approach and the group format that packs such a punch. This leads on to much greater engagement with the club or trainer and a long-term commitment to their fitness journey.

WHAT TYPE OF CLUB IS IT FOR?

Developed to have mass-appeal, this program is a brilliant way for larger clubs to engage more members than ever in functional training. It turns part of the gym floor into a dynamic, exciting group training space. Smaller group training studios can also achieve results with MOVE IT by integrating it as a key area of programming.

THE PACKAGE.

Here's what you get in your MOVE IT package:

- Program Principles Manual (binder and online pdf).
- How-to Guide (binder and online pdf).
- Exercise library per workshop (course videos with coaching notes).
- 24 workouts of 30 minutes (course videos with coaching notes).
- 24 workouts of 45 minutes (course videos with coaching notes).
- Warm-up and cool down exercises (course videos with coaching notes).
- 28 bonus workouts (templates with coaching notes).
- 6 fitness tests (templates with coaching notes).
- 7 product training workshops (online access to workshop material including course videos).
- Marketing material (posters, flyers and social media content for you to use).

READY TO HIIT YOUR WHOLE BODY?

**HIIT
THE
DECK.**
escape fitness

HIIT THE DECK. GROUP TRAINING PROGRAM.

Imagine a large group or a compact boutique studio space, full of people moving quickly between step routines, plyometric jumps, resistance band work and bench presses. Using just the Escape Deck 2.0 and a handful of other carefully-chosen tools, we've created a program package that makes it possible.

WHAT DO MEMBERS GET FROM HIIT THE DECK?

HIIT THE DECK works superbly as an introduction to functional training for members who have had limited exposure to it so far. It includes exercises and workouts embracing cardio, strength and plyometrics, giving people a fantastic whole body experience. Instructors can also ramp up the intensity for more advanced members. The pace and resistance levels can be increased according to participant fitness levels: there is no limit on the amount of challenge that can be achieved with HIIT THE DECK.

WHAT TYPE OF CLUB IS IT FOR?

Thanks to its suitability for members of almost all abilities, this is an incredibly flexible solution that includes programming for PTs, standalone small group studios and boutiques, and large group studio spaces. It can be run as one of several programs in a club, but the sheer scale and variety of workouts means it also has the potential to be used as the basis for a club's entire programming.

WHAT'S INCLUDED?

There are instruction manuals for trainers, 45-minute large group workouts (and the music to go with them), 20-minute small group workouts, one-to-one PT workouts, specialist boutique workouts and an exercise library covering all of the workout components.

THE PACKAGE.

Here's what you get in your HIIT THE DECK package:

- Training and operations manual (binder and online pdf).
- Exercise library per workshop (course videos with coaching notes).
- **6** exercise-to-music workouts of 45 minutes for large group programming (course videos, coaching notes and ready-to-download music).
- **10** workouts of 20 minutes for small group programming (course videos with coaching notes).
- **6** workouts for personal training (course videos with coaching notes).
- **128** specialist boutique studio workout interval protocols covering lower, upper, core and total body (course videos with coaching notes).
- The Deck Time Trial (video and template document).
- Marketing material (posters, flyers and social media content for you to use).

HTD001 HIIT THE DECK Training Program **\$2,800.00**

HTD100 HIIT THE DECK face to face training
- one day course (can only be purchased with HTD001)

Additional face-to-face product training workshops:

- Bulgarian Bag
- DECK 2.0
- GRIPR

Face-to-Face Product Training Workshops - please contact your sales representative for a quote.

PRODUCT TRAINING WORKSHOPS.

Trainers and coaches can develop comprehensive skills and knowledge with our product training workshops. Each workshop includes video demonstrations of multiple exercises, created by Escape's Master Trainers. It's like having product experts deliver one-to-one instruction, but with the convenience of online delivery.

In addition to the online delivery format, we also run two-hour product training workshops in clubs for groups of trainers. Clubs typically purchase three or four workshops (covering different products) to run on the same day. Participants in the in-club workshops also enjoy full access to the online support materials.

TRAIN01	Battle Rope - product training workshop	\$82.00

MASTER ANY MOVEMENT.

FIND YOUR NICHE.

More and more fitness spaces are finding a niche and servicing specific interests of clients; the same goes for entrepreneurial personal trainers, too. With Escape product training, you can pick exactly what you want to master, and become a pro with any performance tool.

ACCESS ANYWHERE.

Escape Training leads the way in functional training methods and provides you with real world, practical tools to use instantly. Through Escape training, you can also access our PT Live seminars, where you can learn from industry leaders wherever you are.

FOR GYM OWNERS OR GO-IT-ALONERS.

These are the perfect workshops to empower a PT to deliver exciting training sessions to their clients. These workshops also ensure that club owners purchasing the equipment can enable their trainers to teach safe use of it and maintain it correctly.

BEFORE YOU ORDER.

As exclusive Business to Business suppliers of Fitness Equipment to the Industry, Escape aims to make the Customer buying experience efficient and informative. Orders placed with Escape are subject to the standard Terms and Conditions of Business ("Conditions") contained in the following pages to the exclusion of any other terms or conditions that the Customer seeks to impose or incorporate or that may be implied by trade custom, practice or course of dealing. In the event that Goods are sold on to a third party, it is the Customer's responsibility to ensure the ultimate purchaser is fully acquainted with, and accepts the Conditions overleaf. No variation of these Conditions shall be effective unless expressly agreed in writing by an Escape authorized signatory.

US DELIVERY

Most Orders will be delivered as parcels by independent carriers. Where large Orders cannot be delivered as parcels, the Order will be delivered on pallets to the exterior access point of the delivery address (Freight prices available on application.) The Customer must provide adequate manpower to unload the Goods and dispose of all packaging supplied for transit.

Product assembly and installation

Please note that functional frames and equipment storage racks will require assembly after delivery.

Customized, bespoke and special order products

Once an Order has been placed and an Order Confirmation issued in respect of Goods that are customized, bespoke or special order, it cannot be amended or cancelled. Goods are customized when an element of the product is changed e.g. the Customer's brand color or logo is added. Bespoke Goods are specifically designed for the Customer and include, but are not limited to, flooring, functional frames and storage solutions. Special order Goods include products that are not normally held in stock or are ordered in a large quantity e.g. MARS or storage racks. Escape do not accept any liability for loss or damage incurred or suffered by the Customer as a result of inaccuracies made by them in the Order process. Accurate measuring is essential.

MEASURING AND SURVEYS.

When ordering large/heavy equipment or flooring, it is important that accurate measurements of the relevant area are supplied to ensure equipment will fit and can be used safely. Accurately measuring access points, corridors, elevators, stairs, and their height is equally important to ensure smooth delivery and installation. Escape recommends that all Customers arrange a survey which takes account of all these factors as well as the suitability of the product for a particular location.

DAMAGES AND DELIVERY DISCREPANCIES.

All deliveries must be checked as soon as received and before the delivery note is signed as any discrepancy or damage in the consignment must be notified to Escape immediately, and within 48 hours at the latest. Please note the time of delivery as recorded on the delivery note. If a discrepancy is identified, the Customer should telephone Escape's Customer Services Department with full details of the Goods ordered and the damage or discrepancy identified. At its sole discretion, Escape will either replace or repair the Goods. Reports of damage or discrepancy will not be entertained after the expiration of 48 hours from the time of delivery as recorded on the delivery note or similar device operated by the carrier.

CANCELLATIONS AND RETURNS (NOT APPLICABLE TO CUSTOMIZED, BESPOKE AND SPECIAL ORDER GOODS).

Once a quotation is accepted by the Customer placing an Order, Escape will issue an order confirmation. The customer may amend or cancel the Order within 14 days of the Order Confirmation and provided the Order has not been dispatched. A fee of 10% of the Order value will be charged to cover administration costs. Escape reserve the right to reduce the above fee, in its sole discretion when the amendment sought by the Customer is "de minimis" or there are other exceptional circumstances justifying the same.

Where Goods have been dispatched, the Customer may return some or all of the Goods for up to 14 days after receipt (as recorded by the carrier) provided that the Goods are returned to the supplier at the Customer's cost and in new and unused condition with all the original labels and packaging intact. A fee of 20% of the Order value will be charged to cover administration and stock handling costs. Goods may not be returned unless a returns reference number has been issued by Escape's Customer Service Department.

NON-RETURNABLE ITEMS.

Unless Goods are damaged or faulty, any customized, bespoke, or specially ordered equipment or flooring cannot be returned once an Order Confirmation has been issued. Items such as floor mats, gloves, mitts etc cannot be returned once dispatched for hygiene reasons.

PRODUCT MEASUREMENTS.

All sizes, weights and measurements are approximate.

ORDERING MADE EASY.

Four ways to order:

- 1. **Phone:** 614-706-4462
- 2. **Website:** www.escapefitness.com/us
- 3. **Email:** salesusa@escapefitness.com
- 4. **Post:** Escape Fitness USA LLC
4434 Muhlhauser Road, Suite 300,
Cincinnati OH 45011.

When placing an Order by post, the Customer should:

- 1. Quote the product code, product description, quantity required, price and freight costs.
- 2. Include their unique purchase Order number (for account Customers this must have been authorized by an appropriate signatory).
- 3. Print the name, department and position of the person placing the Order.
- 4. Confirm the method of payment.
- 5. Provide full postal delivery address.
NB Customers purchase Orders are only accepted from pre-approved Customers or account holders.

PRICES

All prices are in USD and exclude freight and tax. Trade accounts and bulk Orders may attract special pricing.

PAYMENT

Customers may use the credit/debit cards shown.

Card payments are required at the time of Order from non-account Customers. You may also pay by BACS or remit a check to the postal address above.

FEEDBACK

Escape believes in continuously improving its Goods and services. It can only do this by listening to its Customers. If you have a comment to make please Contact us at the address above or by email at usafetersales@escapefitness.com You may also call the Customer Service Team on 614-706-4462.

TERMS AND CONDITIONS.

In these Terms and Conditions, Escape Fitness USA LLC is the Supplier and you are the Customer.

1. **ORDERS.**

- 1.1 All orders are subject to these Terms and Conditions ("Conditions") which supersede any terms and conditions you may include with any purchase order regardless of whether Escape sign these or not. We reserve the right to change these Conditions at any time, and you are deemed to accept any changes on the 7th day after the date of any amendment, or the date an order is placed, whichever is the sooner. In the event that products are re-sold, it is your responsibility to ensure that the ultimate purchaser is made aware of and accepts the products on that basis.
- 1.2 Samples, drawings or descriptive or illustrative advertising or other materials contained in brochures or catalogs do not form part of the contract.
- 1.3 Receipt of an electronic, telephonic or other form of purchase order does not signify our acceptance of your order, nor does it constitute confirmation of our offer to sell. We reserve the right, at any time after receipt of your order, to accept or decline your order for any reason, or to supply less than the quantity ordered of any item. Orders are accepted by the issue of an Order Confirmation, normally sent within 48 hours of receipt of your Order, at which time a binding contract will exist between us and the Customer may not amend or cancel the order without our written consent. The Customer is responsible for ensuring that the details set out on the Order Confirmation are complete and accurate.

2. **PRICE AND PAYMENT.**

- 2.1 The price of the products shall be the price set out in the Order Confirmation. Prices are subject to change on not less than 30 days notice.
- 2.2 Payment for the products shall be made in full at the time the order is placed. Sales Tax will automatically be added to orders where liability arises unless Sales Tax Exemption and Re-sale Certificates have been filed. Please note: Sales Tax Exemption and Re-sale Certificates must be filed BEFORE orders are placed to ensure zero rating. We accept payment by company check (allow 10 days for clearance) or wire transfer in U.S. Dollars only. A penalty of \$25 will be charged for any returned payment whatever the reason.
- 2.3 Invoices are issued when the products are shipped.
- 2.4 Credit Account Customers shall pay for products in accordance with their credit account terms and time for payment shall be of the essence of the Contract. Interest is payable on overdue accounts at the rate of 1.5% per month (or such lower rate as may be the maximum permitted by law), accruing on a daily basis from the due date until the date of actual payment of the overdue amount.
- 2.5 Credit Account Customers shall pay all amounts due in full, without any deduction or withholding except as required by law and they shall not be entitled to assert any credit, set-off or counter-claim to justify withholding payment of any such amount in whole or in part. We reserve the right to revoke any credit extended in the event that you fail to pay in accordance with your credit account terms save where a good faith dispute (as determined by us) concerning sums due exists. When credit is revoked, products shall be paid for in advance of shipment.

3. **PRODUCTS AND SERVICES.**

- 3.1 Most products are available to ship immediately, however, some products may have lead times. Orders are accepted for products strictly subject to availability and to these Conditions.

- 3.2 Where orders contain multiple products, we will make every effort to ship all products contained in the order at the same time. Products that are unavailable at the time of shipping shall be shipped as they become available unless you advise us to the contrary in writing. You will be charged only for products actually contained in the shipment. You will pay only a single shipping charge as advised in your Order Confirmation which shall be applied to the first invoice issued.
- 3.3 In the interests of better quality and value, we are constantly improving and updating our products. We therefore reserve the right to change the color, design, specification or packaging in respect of any or all of our product range.

4. **CUSTOMIZED, BESPOKE AND ASSEMBLED PRODUCTS.**

- 4.1 In respect of any Order for customized, bespoke or special order Goods (including but not limited to flooring, frames, MARS screen, racks etc), the Customer may not amend or cancel an Order once accepted (including positioning of equipment where installation is involved). It is imperative that all Customer requirements are fully and accurately conveyed to the Supplier prior to acceptance of the Order. The Supplier accepts no liability for costs, expenses, damages and losses (including any direct, indirect or consequential losses) suffered or incurred by the Customer or any sub-contractor, agent or third party employed by the Customer arising out of any delay in delivery or installation of the Goods where such delay is caused by inaccuracies of whatever nature in the Customers Order.
- 4.2 All designs created in respect of any installation are subject to clause 11 below so that the Customer may not use such designs or any designs that the Supplier believes breach the Suppliers Intellectual Property Rights unless a separate contract for the purchase of a license to use the designs is negotiated and entered into. This clause 4.2 shall survive termination of the Contract howsoever determined.
- 4.3 To the extent that any element or component of the Goods (e.g. line markings, bench upholstery) are to be manufactured in accordance with color and/or design specifications supplied by the Customer, the Customer shall indemnify the Supplier against all liabilities, costs, expenses, damages and losses (including any direct, indirect or consequential losses) suffered or incurred by the Supplier in connection with any claim made against the Supplier for actual or alleged infringement of a third party's intellectual property rights arising out of or in connection with the Supplier's use of that component. This clause 4.3 shall survive termination of the Contract howsoever determined.
- 4.4 The Supplier reserves the right to amend the Specification of the Goods if required so to do by the manufacturer or any applicable statutory or regulatory body.
- 4.5 Where Contracts involve installation and the Customers installation area does not comply strictly with the Working conditions Specification (" Specification") detailed in the Program of Works; the installation shall be delayed until such time as the Customer is compliant with the Specification and the Customer shall be liable to the Supplier for all costs and expenses incurred by the delay. If the Customer delays an installation date on less than 14 days notice; the Customer shall similarly be liable to the Supplier for all costs and expenses incurred by the delay. Without prejudice to the generality of this clause; time when appointed contractors are unable to perform the Contract ("Downtime") shall be payable to the Supplier hourly rate per man per day (based on an 8 hour day) plus full reimbursement of all travel, accommodation and other expenses properly incurred in anticipation of performance of the Contract and which cannot otherwise be recouped

from the relevant provider by the Supplier (Wasted Costs).

5. **DELIVERY.**

- 5.1 Delivery lead times vary according to the products ordered. Products ordered from stock will be shipped within 48 hours of the date of the Order Confirmation. Any date quoted for delivery is approximate only, and time of delivery is not of the essence. We shall not be liable for any delay in delivery of the products that is caused by a Force Majeure Event (as defined in clause 5.5 below), or other event beyond our control, nor any failure by you to provide us with adequate delivery instructions, or any other instructions that are relevant to the supply of the products.
- 5.2 Customized, bespoke, special order and assembled products have varying manufacturing lead times which will be notified to you as the estimated delivery date. A firm delivery date will be notified to you once the finished products are physically ready for dispatch.
- 5.3 Delivery is complete once the products arrive at the exterior access point of the delivery address. Your (or your agents) signature recorded on the Delivery Note (or similar device operated by the carrier) shall be conclusive evidence of the quantities shipped and delivered.
- 5.4 It is your responsibility to ensure that appropriate arrangements are in place to:
- 5.4.1 accept delivery of the products; and
- 5.4.2 where there are large/heavy products delivered; provide adequate manpower to unload the products and dispose of any transit packaging supplied.
- 5.5 If you (or your agent) fail to accept or take delivery of the products in accordance with clause 5.4 above, then, save where such failure or delay is caused by a Force Majeure Event or by our failure to comply with our obligations under this Contract, then delivery of the products shall be deemed to have been completed at 9.00am on the day after the delivery date notified by us. We shall store such products until actual delivery takes place, and charge you for all related costs and expenses (including insurance) incurred in this respect. A Force Majeure Event means an event beyond the control of a party (or any person acting on its behalf), which by its nature could not have been foreseen by such party (or such person), or, if it could have been foreseen, was unavoidable, and includes, without limitation, Acts of God, storms, floods, riots, fires, sabotage, civil commotion or civil unrest, interference by civil or military authorities, acts of war (declared or undeclared) or armed hostilities or other national or international calamity or one or more acts of terrorism or failure of energy sources.

6. **TITLE AND RISK.**

- 6.1 The risk in the Goods shall pass to the Customer on completion of delivery.
- 6.2 Notwithstanding delivery and the passing of risk pursuant to clause 6.1, property in and title to the Goods shall remain with the Supplier until the Supplier has received payment of:
- (a) the full price of the Goods that are the subject of the Contract; and
- (b) the full price of all other goods and services provided by the Supplier to the Customer under any other contract. Payment of the full price shall include, without limitation, the amount of any interest or other sum payable under the terms of this and all other contracts between the Supplier and Customer.
- 6.3 Until title passes, the Customer shall:
- (a) store the Goods separately from all other goods held by the Customer so that they remain readily identifiable as the Supplier's property;
- (b) not remove, deface or obscure any identifying mark or

- packaging on or relating to the Goods;
- (c) keep the Goods insured against all risks for their full retail price on the Supplier's behalf from completion of delivery.
- (d) maintain the Goods in satisfactory condition and keep them insured against all risks for their full price from the date of delivery; and
- (e) give the Supplier such information as the Supplier may reasonably require from time to time relating to the Goods and the financial position of the Customer
- 6.4 At any time before title to the Goods passes to the Customer, the Supplier may require the Customer to deliver up all goods in its possession that have not been resold and if the Customer fails to do so promptly, enter any premises of the Customer or of any third party where the Goods are sold in order to recover them.

7. **CANCELLATIONS, AMENDMENTS AND RETURNS.**

- 7.1 Once an Order Confirmation is issued, orders may only be amended or cancelled if:-
- 7.1.1 the Customer formally notifies the Supplier in writing by email to usaftersales@escapefitness.com or Customer Services Department, Escape Fitness LLC., 4434 West Muhlhäuser Road, Suite 300, West Chester, OH; and
- 7.1.2 the notification is received within 14 days of the date of the Order Confirmation; and
- 7.1.3 no products have been dispatched.
- A fee of 10% of the Order value (net of tax) will be charged to cover administration costs in such cases. The Supplier reserves the right to reduce the above fee, in its sole discretion, when the amendment sought by the Customer is "de minimis" or there are other exceptional circumstances justifying the same.
- 7.2 Where products have already been shipped, and you wish to return some or all of the products; then in respect of products which require no assembly, they may be returned within 14 days after delivery (as recorded by the Carrier) provided you follow the procedure notified by the Customer Service Department who may be contacted on 614 706 4462 or in writing usaftersales@escapefitness.com or Customer Services Department, Escape Fitness LLC., 4434 West Muhlhäuser Road, Suite 300, West Chester, OH . The products must be returned to us and you must pay the cost of shipping. Returned products must reach us in a new and unused condition with all original labels and packaging intact. A re-stocking fee of 20% of the returned products value (net of tax) will be deducted from the sum to be refunded.
- 7.3 Be-spoke or customized products may not be returned.
- 7.4 Products may only be returned with a "returns reference number" which you can get from our Customer Service Team. No exceptions! Please call 614 706 4462.

8. **DAMAGES AND DELIVERY DISCREPANCIES.**

- 8.1 All deliveries must be checked as soon as received and BEFORE the Delivery Note is signed. When signing for a delivery, you are accepting that the correct number of parcels have been delivered and the products have not been damaged in transit. If there is damage or a discrepancy, you should either refuse the delivery or record the damage or discrepancy on the Delivery Note (or similar device operated by the carrier) and report the claim by telephoning our Customer Services Team within 24 hours of the delivery time. NOTE: the time of delivery is the time recorded on the Delivery Note (or similar device operated by the carrier). It is your responsibility to ensure that the actions above are followed BEFORE SIGNING as mistakes cannot be rectified once the products have been signed for. Reports of damage or discrepancy will not be entertained after the expiration of 24 hours from the time of delivery as recorded on the Delivery Note or similar device

- operated by the carrier.
- 8.2 Any latent damage to the products MUST be notified to us by telephoning our Customer Services Team immediately upon discovery when you will need to supply us with full details of the products ordered and the damage identified. In our sole discretion, we will either replace or repair the products.
9. **INTELLECTUAL PROPERTY RIGHTS.**
You acknowledge that all intellectual property rights in the products (including actual products as well as product, flooring and gym design), whether registered or unregistered and including all applications for and renewals or extensions of such rights, and all similar or equivalent rights or forms of protection in any part of the world including all patents, rights to inventions, utility models or prototypes, copyright and related rights, trademarks, service marks, trade, business and domain names belong to, or are used by Escape under License or one of its associated companies. You agree not to use the same unless a license has been granted within a contract for the provision of products by us or one of our associated companies.
10. **PRODUCT COMPLIANCE.**
10.1 All products supplied by us comply with all applicable laws (including patent laws) statutes, rules and regulations of the United States government and any related law, rule or regulation. Whilst we endeavor to ensure that the product images, descriptions, weights and measurements which appear in any of our literature are fair and accurate; the color, packaging and product specification may vary according to manufacturing changes, tolerances and availability. We reserve the right to discontinue or change the specification and/or the design of a product without prior notice N.B. All weight indications are KG dominant and conversions to LB's are therefore approximate. We accept no responsibility for any error or omission to the Customer or at all.
- 10.2 You agree to use the products delivered herein in accordance with all applicable laws (including without limitation all patent laws), statutes, rules, regulations or orders of the United States government or of any state or political subdivision thereof.
- 10.3. We agree to indemnify you from (i) any and all judgments and decrees that may be entered against you or your affiliates, arising out of the use or supply of the products, whether it be immediate or remote, and (ii) any and all costs and expenses that you may incur by virtue of our violation of any such laws (including any claims for infringement, whether such infringement be direct or indirect). We agree that we will, at your request and our sole cost and expense, defend or assist in the defense of any suit or action that may be brought against you, your affiliates, immediate or remote, with respect to any violation or infringement.
11. **WARRANTIES AND LIMITATION OF LIABILITY.**
11.1 We warrant to the original purchaser that the products supplied (deletion) under this Contract shall be free from defects in materials and workmanship and comply with all applicable statutory and regulatory requirements for not less than the warranty period stated on the website in respect of each product and subject to specific product exclusions listed therein.
- 11.2 We shall not be liable for the products' failure to comply with the warranty in clause 11.1 if:
11.2.1 you make any further use of such products after notifying us of a defect; or
11.2.2 the defect has arisen as a result of your failure to properly store, care for or maintain the products; or
11.2.3 the defect has arisen as a result of us following any drawing, design or specification supplied or specifically requested by you; or

- 11.2.4 you alter or repair the products without our prior written consent; or
11.2.5 the defect arises as a result of fair wear and tear, corrosion due to perspiration, wilful or negligent damage or the use of the products for a purpose other than the purpose intended or in abnormal use conditions; or
11.2.6 the products differ from their description as a result of changes made to ensure they comply with applicable statutory or regulatory standards.
- 11.3 Where a warranty claim is made, you are responsible for returning the product to us for inspection (including shipping) following the returns policy outlined in clause 7.4 Once inspected, we will, at our sole discretion, repair or replace the product, issue a credit note or where we find the claim unsubstantiated reject and return the product to you.
- 11.4 Except as provided in this clause 11, we shall have no liability to you in respect of the products' failure to comply with the warranty set out in clause 11.1 or otherwise. We assume no responsibility for personal injury or property damage by or through the use of products supplied by us.
- 11.5 THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, ARISING BY LAW OR OTHERWISE INCLUDING WARRANTY, MERCHANTABILITY OR FITNESS FOR PURPOSE, AND IS IN LIEU OF ALL OTHER LIABILITIES OF ESCAPE FITNESS USA LLC INCLUDING DIRECT, INDIRECT, SPECIAL AND CONSEQUENTIAL DAMAGES OR PENALTIES EXPRESSED OR IMPLIED WHETHER ARISING OUT OF CONTRACTING, NEGLIGENCE OR TORT.
- 11.6 Nothing in these Conditions excludes or limits liability for;
(a) death or personal injury caused by the negligence of the Supplier, or
(b) fraudulent misrepresentation or any other liability that the Supplier may not otherwise exclude or limit under applicable law.
- 11.7 Notwithstanding the above and subject to clause 11.5, the Supplier's aggregate liability (whether in contract, tort or otherwise) for loss or damage shall in any event be limited to a sum equal to the amount paid or payable by the Customer for the Goods in respect of one incident or series of incidents attributable to one cause.
12. **GENERAL.**
12.1 These Conditions, including the documents referred to herein, supersede all prior representations, understandings, agreements and contracts between us relating to the supply of products and sets forth the entire agreement and understanding between us.
- 12.2 Nothing in this Contract is intended to, nor shall be deemed to, constitute a partnership or joint venture of any kind, nor constitute any party the agent of another party for any purpose. No party shall have authority to act as agent for, or to bind, the other party in any way.
- 12.3 A person who is not a party to the Contract shall not have any rights under or in connection with it.
- 12.4 You may not assign or sub-contract any of the rights or obligations imposed by this Contract unless agreed to in writing by us.
- 12.5 We reserve the right to transfer, assign, novate or sub-contract the benefit of the whole or part of any of its rights or obligations under these Conditions or any related contract to any third party.
- 12.6 No delay or failure by us to exercise any powers, rights or remedies under this Contract will operate as a waiver of them nor will any single or partial exercise of any such powers, rights or remedies preclude any other or any further exercise of them. To take effect any waiver must be in writing and signed by one of our authorized signatories.
- 12.7 This Contract, and any dispute or claim arising out of or in connection with it or its subject matter or formation (including non-contractual disputes or claims), shall be governed by, and construed in accordance with the laws of the State of Ohio, and the parties irrevocably submit to the exclusive jurisdiction of the Ohio District Courts.

GENERAL WARRANTY INFORMATION.

All Escape products are warranted to be free from defects in materials and workmanship. This warranty extends to the original end-user and additionally warrants that the products comply with all applicable statutory and regulatory requirements. The warranty period commences on the date of delivery to the end-user (as recorded by the carrier) provided always that this date is not more than 3 calendar months from the date of dispatch from Escape. Subject to the Exclusions section herein, the warranty is valid for not less than the period stated in the schedule below.

EXCLUSIONS.

Escape shall have no liability under the warranty if:

- (a) any further use of the product(s) is made after a defect has been notified; or
- (b) the defect has arisen as a result of a failure to properly store, care for or maintain the products; or
- (c) the defect has arisen as a result of Escape following any drawing, design or specification supplied or specifically requested by you; or
- (d) the product(s) is altered or repaired without our prior written consent; or
- (e) the defect arises as a result of fair wear and tear, corrosion due to perspiration, wilful or negligent damage or the use of the products for a purpose other than the purpose intended or in abnormal use conditions; or
- (f) the products differ from their description as a result of changes made to ensure they comply with applicable statutory or regulatory standards.

MAKING A CLAIM.

To make a warranty claim, you should follow the claims procedure below. Once determined, Escape will, at its sole discretion, repair or replace the product, issue a credit note or refund, or, where the claim is found to be unsubstantiated, reject (and where appropriate) return the product to you.

CLAIMS PROCEDURE.

- 1. If you purchased your product through an Escape approved Distributor, contact your Distributor who will deal with your inquiry directly on your behalf.
- 2. If you purchased your product directly from Escape, you will need to either telephone Escape's Customer Services Department on +1 614 706 4462 or email usafattersales@escapefitness.com quoting the Order Number of the product which is subject to the claim and provide full details of how and when the product(s) has been used, the fault or damage identified and contact details of the person dealing with the claim. The claim will be logged and given a unique "X" reference which needs to be quoted in all future dealings with the claim.

- 3. You must then send photographic evidence by email or post of the product and the damage/defect after which our quality control department will report their findings and advise whether the claim is accepted or rejected. If accepted, we will advise whether the product will be repaired or replaced, or if a credit or refund will be made and whether or not the product(s) needs to be returned to Escape for quality control investigation.
- 4. If a product(s) needs to be returned to Escape, we will contact you to arrange a mutually convenient time.
- 5. After your claim has been processed we will contact you again to ensure that your claim was satisfactorily solved.

Escape shall not be liable, in contract or tort, (including, without limitation, negligence), for pre-contract or other representations (other than fraudulent misrepresentations) or otherwise arising out of or in connection with a claim for any economic losses (including without limitation loss of profit, revenue, contracts, business or anticipated savings); loss of goodwill or reputation or special or indirect losses suffered or incurred and arising out of or in connection with the provision of the products. Escape's aggregate liability (whether in contract, tort or otherwise) for loss or damage shall in any event be limited to a sum equal to the amount paid or payable for the product(s) in respect of one incident or series of incidents attributable to one cause.
